

NEW!

HEALTH CARE CHOICES

Quality health care options designed for USA Gymnastics professionals and their families.

■
YOUR CHOICE.

■
YOUR COVERAGE.

For the second consecutive year, USA Gymnastics is proud to be offering its professional members three new health care options, especially designed for you and your family. Below are three potential health coverage choices that allow you some flexibility in your options. I encourage you to return the form you received in the mail to obtain more information on these programs and their costs.

We are aware that many of you do not have health benefits readily available, and are developing this opportunity as a benefit of your membership.

Robert V. Colarossi
President, USA Gymnastics

There are three plans: Major Medical (Traditional), Preferred Provider Option (PPO), Medical Savings Account (MSA).

1 Major Medical (Traditional)

This Plan is ideal when you're looking for "freedom of choice" in your health care coverage.

It covers a broad range of health care services for you and your family, with no demands for selected physicians or certain health care facilities.

And, this Plan has been designed with a choice of higher deductibles which translates into lower premiums—definite savings for you.

2 Preferred Provider Option (PPO)

With the Preferred Provider Option (PPO), you'll receive a list of medical providers and facilities to select from when you require health care.

Each has been thoroughly screened to be sure you'll receive a high standard of medical care.

This type of coverage typically pays for hospital room and board, physician and surgeon's fees, lab services and much more.

3 Medical Savings Account (MSA)

The newest choice in health coverage for the self-employed. Medical Savings Accounts allow you to build up a tax-free savings account to pay for routine medical expenses.

You build the account with tax-free dollars and they remain tax-free while your MSA is active. Your MSA combines with a high deductible insurance policy.

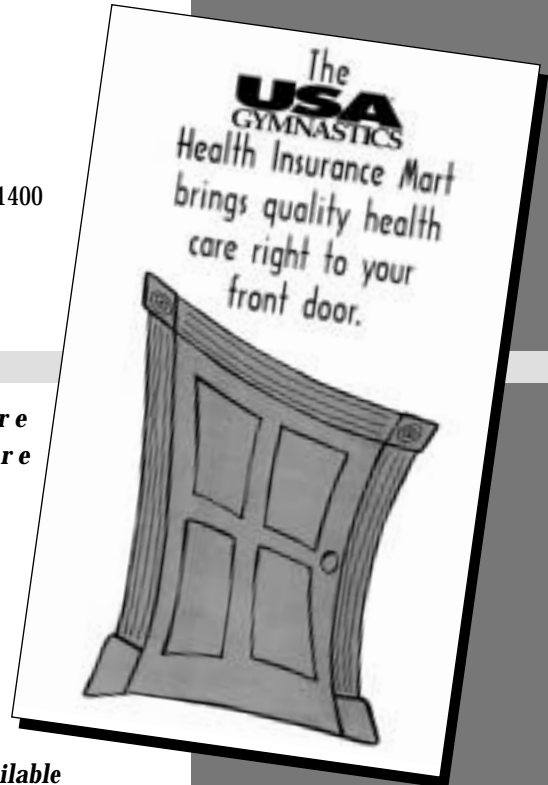

With the high deductible insurance plan, the cost of an MSA can be kept competitively low. Tax-free dollars and a low price save you money. ■

USA Gymnastics Professional, Instructor and Club Members should have received a brochure in the mail discussing this new benefit. If you did not, or would like more

information, please call Seabury & Smith at the number listed below.
