USA Gymnastics invites you to attend the 2015 National Judges’ Course. As we prepare to start the season of competition, the course will provide both coaches and judges the opportunity to work with the materials, and gain more understanding of both our JO and elite rules. As a National Level Event, the judges course does count to reach requirements for National level judges and higher to maintain or further their judges’ rating.

The course is strongly advised for all judges, state rated and higher, and we encourage any coaches who would like to audit the course to attend. There will be no new or local judges education at this event.
