POINTS SYSTEM FOR 2018 WINTER CUP CHALLENGE

MPC Approved 10 Point System

- Top 10 athletes on each event will receive points from the Preliminary Competition and again from the Finals Competition at the Winter Cup Challenge. The points from each day of competition will be added together to create the athletes Final Points Total.
- Points will be awarded on each event according to the following:

First place	= 11 points	Sixth place	= 5 points
Second place	= 10 points	Seventh place	= 4 points
Third place	= 9 points	Eighth place	= 3 points
Fourth place	= 7 points	Ninth place	= 2 points
Fifth place	= 6 points	Tenth place	= 1 point
- Points will be awarded to the all-around using the same formula as the individual events with the exception that all-around points will only be awarded for the combined two day all around total (prelims + finals = two-day total). Therefore, the all-around points will only be awarded once following the second day of competition.
- Athletes who tie for individual events or all-around will be awarded duplicate points with the next point total being skipped. (Example: tie for individual event third – both athletes awarded 9 points, the next highest ranking athlete receives fifth place points and is awarded 6 points)
- The points awarded for the six events will be totaled for each athlete each day. All-around points are based on the two-day all around total and will be added to the athlete's day two total. An athlete's day one and day two competitive points will be totaled for that athlete's Final Points results.

In the case of a tie for the last position by the Final Points, ties will be broken by:

1. The athletes highest single event points total, if still tied then,
2. The athletes two highest events points total and so on until all six event totals are considered, if still tied then,
3. The same process will be used in #1, #2, #3, and #4 using the lowest single E (presentation) score (deductions) from the competitive results.
