In service of our community, we embody ALL of these values to create change:

- SAFETY – We promote a safe and inclusive environment for our athletes and our community
- INTEGRITY – We act with absolute integrity through values-based actions

USA Gymnastics Code of Ethical Conduct As of June 2021

Introduction

Every USA Gymnastics (“USAG” or “USA Gymnastics”) member has the power and the responsibility to shape the culture within our sport. By practicing our shared values and staying focused on our highest priority – the safety and well-being of our athletes – we can promote an environment that empowers and supports athletes and makes participation in the sport a positive and rewarding experience for all members.

The USA Gymnastics Code of Ethical Conduct (the “Code”) is our collective commitment to work ethically in all instances. It offers a tangible way to put our values into practice, and guidance in situations that have potential or actual ethical implications. Ultimately, the effectiveness of the Code depends on a personal commitment from every member of the gymnastics community.

This Code is divided into three sections: (1) the Athlete Bill of Rights; (2) Ethical Obligations; and (3) Resolution of Ethical Issues. The Code does not address misconduct or abusive behaviors. Instead, the *USA Gymnastics Safe Sport Policy* provides the definitions and mandatory reporting requirements for misconduct and abuse.

All members, employees, volunteers, board members, committees and task force members of USA Gymnastics and contractors (collectively, “members of USA Gymnastics” or “members”), are required to implement and adhere to this Code.

Members of USA Gymnastics are also required to accept the requirements of and comport themselves in accordance with (a) the rules, policies, and procedures of USA Gymnastics and the United States Olympic and Paralympic Committee (“USOPC”); (b) the Olympic Movement Code on the Prevention of the Manipulation of Competitions; and (c) all applicable state and local laws.

I. Athlete Bill of Rights

All members of USA Gymnastics are committed to ensuring that athletes have a safe, inclusive, and supportive environment in which to train and compete, and that each athlete has the ability to:

A. Participate in gymnastics

Gymnastics is inclusive and open to everyone. All athletes have the right to participate, regardless of their age, race, ethnicity, gender, sexual orientation, gender identity, mental or physical disability, national origin, religion, or any other basis proscribed by law. Athletes have the right to participate at a level commensurate with their maturity and ability and will be given an equal opportunity to strive for success.

B. Train and compete safely

Safety is paramount. All athletes have the right to:

- Participate in an environment that is free from emotional, sexual, or physical abuse;
- Train and compete in a safe environment, free from inappropriate physical hazards, bullying, hazing, harassment, stalking, violence, or similar threats; and
- Train and compete on equipment that is clean, appropriately fitted, and properly maintained.

C. Have their personal health and wellness prioritized

Athletes have the right to pursue a healthy lifestyle that includes proper nutrition, mental health support, injury prevention and care, and necessary rest and recuperation, especially when healing from injury.

D. To be treated with dignity and respect

Athletes have the right to be treated fairly and with dignity and respect. They have the right to make mistakes and fail without fear. They have the right to be respected, encouraged and supported appropriately by other athletes, parents, coaches, judges, spectators, event officials and those in positions of authority.

E. Receive proper instruction

Athletes have the right to:

- Be coached by individuals who are knowledgeable and have received appropriate training.
- Be properly prepared for participation by those in positions of authority, including coaches, club owners, and administrators.
- Question or report improper behavior or violations of the Safe Sport Code, including of coaches or club owners, without fear that doing so will negatively impact their participation or success.
- All athletes (and particularly minor athletes) are entitled to have their parents observe coach/athlete interactions.

F. Integrity and Transparency

Athletes have the right to fair and transparent procedures and policies within their discipline – including selection procedures – that demonstrate integrity and are free from conflicts of interest, impropriety, and favoritism.

G. Provide input on matters that directly affect them

Athletes have the right to provide input, and have their voices respected, in matters that directly affect them.

H. Voice opinions on issues that affect the gymnastics community

Athletes have the right to respectfully express themselves on issues that impact the gymnastics community, with the confidence that doing so will not jeopardize their ability to participate and/or negatively impact their success.

The foundational philosophies of this Bill of Rights are separate from, but intended to guide, the responsibilities of each individual member included in the Ethical Obligations of Members (below), the [Safe Sport Policy](#), and the [Speak Up Policy](#). Ethical Obligations should be interpreted with these principles in mind.

Private or semi-private places must be made available for Minor Athletes to change clothes or undress at competitions or facilities.

A semi-private area is an area that is not separate from where other individuals are changing but offers the Minor Athlete some privacy to change. For example, a bathroom stall with a door would meet this requirement. A semi-private area can also be created by a partition or drapery.

A private area is an area separated completely from anyone else changing. This area would be fully enclosed with a door, and no other individual would be able to enter without the Minor Athlete's permission. This could be a single restroom or family restroom, where the Minor Athlete can change alone and lock the door.

Bathroom and Changing Area Monitoring

Designated bathrooms and changing areas for minors must be monitored with random sweeps at any facility in a USA Gymnastics sanctioned event to ensure compliance with policy. Event Directors must assign a person to monitor the changing areas and bathrooms, with documentation that random sweeps occurred and there were no reported incidents.

CHAPTER 1

USA GYMNASTICS MEMBERSHIP REQUIREMENTS

New additions are highlighted

100% of the athletes, coaches and judges participating in a USA Gymnastics Sanctioned Event must be pre-registered as an Athlete, Competitive Coach, Judge, Meet Director, Photographer/Videographer, Medical or Volunteer member of USA Gymnastics. Any participant who is unable to be verified as a current USA Gymnastics member will be ineligible to participate in any USA Gymnastics sanctioned event. In addition, any and all athletes who wish to compete USA Gymnastics sanctioned events must be affiliated with a current USA Gymnastics Member Club.

As part of the Athlete Membership requirements, all athletes 18 years of age and older must complete the U110 Safe Sport Course. Parents may give permission for athletes who are 17 years of age to complete the course at that time through their membership profile.

Visit the USA Gymnastics Member Services website for the most up-to-date membership requirements and options.

CHAPTER 2

SANCTIONS

New additions are highlighted

USA Gymnastics, as the governing body for the sport in the United States, is responsible for the granting of sanctions for those events, as defined in the USA Gymnastics Sanctioning Policies and Procedures. USA Gymnastics sponsored events may include:

1. Local meets, clinics, dual meets, tri-meets of a local nature
2. Pre-Sectional/Sectional and other Qualifier meets under the supervision of USA Gymnastics or its Regional or State sub-committees
3. State and Regional Championships events hosted under supervision of USA Gymnastics or its Regional or State sub-committees

A non-USA Gymnastics sanctioned event may not be conducted concurrently with a USA Gymnastics sanctioned event.

Secondary insurance coverage is provided for all USA Gymnastics members participating in a sanctioned event.

It is the Meet Director's responsibility to secure an event sanction for all USA Gymnastics sponsored events/competitions.

Meet Directors must be an active USA Gymnastics **Meet Director** member in the discipline for which they are applying for sanction.

- B. With the increased participation of foreign athletes in the country, USA Gymnastics has the responsibility to inform our members of the FIG regulations governing this activity. The FIG and its member federations have jurisdiction over international events i.e., events involving more than one country’s athletes.
- C. Violations of the FIG regulations can result in restrictions of the member federation and/or its athletes.
- D. While USA Gymnastics realizes the cultural enrichment that these types of events provide to our members, strict compliance to the FIG Regulations MUST be followed. Your cooperation is very much appreciated.
- E. Statutes of the Federation Internationale de Gymnastique (FIG) – reprinted from the original Chapter VII, Article 35 And 36:
 - 35.3 Inter-Federation Events and responsibilities of Federations
Federations may organize events among themselves in accordance with the Statutes and Regulations of the FIG. It is, however, forbidden for gymnasts or judges of a federation to participate in competitions of demonstrations in the sphere of activity of another federation without the prior consent of the federations involved and that of the federation organizing the event. Likewise, the participation of gymnasts or judges of a federation in an event organized by a body other than a federation must be subject to the prior consent of any federations involved. Federations are also responsible to the FIG for the behavior of their gymnasts, coaches, judges, and other officials and they act as guarantors to the FIG in respect of these responsibilities.
 - 36.1 In principle, gymnasts and judges taking part in any international competition must have the nationality (citizenship) of the federations they represent and the authority to participate from their federation.

The following article outlines the penalties that could be incurred by USA Gymnastics and individual members, if these rules are not followed.

- 43.2 Disciplinary measures which can be imposed amongst others on a federation or an individual:

- F. Invitations for Foreign Athletes (Competitions/Exhibitions/Training)
1. Send ALL information (including any financial arrangements) and a cover letter including dates, registration forms, and fees to the USA Gymnastics Member Services Department.
 2. If you wish to invite a particular athlete(s) or foreign club(s), include club name, contact person, and address.
 3. If the activity is a competition/exhibition, a USA Gymnastics Sanction is REQUIRED.
 4. Do not send any invitations (foreign or domestic) until the USA Gymnastics office has notified you that approval has been granted.
- G. Other Considerations
1. The USA Gymnastics Office must approve all sponsorships, advertising, and promotional materials concerning these events in writing.
 2. The use of the word "INTERNATIONAL" is strictly FORBIDDEN.
 3. Promotion or advertising depicting the event as a competition between two or more countries is forbidden (i.e., USA vs. Canada).
 4. If your club is planning on traveling to another country, you MUST inform the USA Gymnastics Member Services Department in order to gain written permission from both federations.
 5. All exhibitions, competitions, and training between countries (i.e., USA vs. Foreign country) is under the jurisdiction of USA gymnastics.

III. Sanctioning Requirements for Foreign Exchanges

The following categories have been defined for participation of foreign athletes in this country and for participants of USA club athletes in a club exchange in a foreign country. All exchanges involving foreign athletes are under the jurisdiction of the FIG and the host Federation. Every procedure MUST be followed to protect the athletes and the federations.

- A. Competitions/Exhibitions conducted in the United States
 1. Prior approval of Foreign Federation must be secured through request made by USA Gymnastics.
 2. All aspects of the event MUST be approved by USA Gymnastics. This includes but is not limited to:
 - a. sponsorships
 - b. marketing/property rights
 - c. equipment/format
 - d. television
 - e. all promotional, marketing, and advertising materials
 3. The use of the word "INTERNATIONAL" in the title of a competition/exhibition is strictly FORBIDDEN.
 4. Promotion or advertising depicting the event as a competition between two or more countries is forbidden (i.e., USA vs. Canada).
 - Athletes from a foreign country competing in the United States represent only their club at the exchange; they are NOT representing their country as a National Team member.
 5. Higher sanction fees may be assessed for galas or exhibitions depending upon the level of the participating athletes.
 6. FIG has a 5% tax on prize money awarded at an event.
- B. Training Exchanges conducted in the United States
 1. Prior approval of foreign Federation must be secured through a request made by USA Gymnastics.
 2. Only a letter of invitation with the specific information is required; however, it is not necessary to sanction.
 3. Proof of Insurance coverage:
 - a. It is the sole responsibility of the event host to secure proper insurance for the event. Be aware that some insurance packages do not cover foreign athletes or coaches.
 - b. Training exchanges may not be "USA Gymnastics-sanctioned"; therefore, the Athlete Member insurance is not in effect.
 4. Prior notification to USA participants that they represent only their club at this exchange, and they are not participating as official USA representatives.
- C. Competitions, exhibitions and training exchanges conducted in another country
 1. USA Gymnastics must receive communication from the host country requesting permission for USA Gymnastics members to attend.
 2. USA Gymnastics must approve of your club's participation BEFORE your club accepts an invitation to participate in another country's event. Notification requesting permission to participate in a foreign competition, exhibition or training exchange must be provided to the Program Director at the USA Gymnastics office.
 3. Events sponsored by and/or held in a foreign country CANNOT be "USA Gymnastics-sanctioned"; therefore, the Athlete Member insurance is not in effect. Prior notification to USA participants that USA Gymnastics insurance does not cover their participation in an event sponsored by and held in a foreign country is required.
 4. Any judge (US or foreign citizens) must receive permission from the National Federation of their country of citizenship before accepting an invitation to officiate a competition that is conducted outside of their country of citizenship.
 5. USA participants may only represent their club at these events/exchanges, and they may not participate as official USA representatives.
 - a. For example: Official results may not reflect "USA".

- b. Prior notification to USA participants that they represent only their club at this exchange, and they are not there as official USA representatives is required.
- 6. USA National Team members may not represent their club in an international event without the approval of the Program Director or the National Team Coordinator.

VII. National Gymnastics Foundation Men's Fund

In August of 1999, the Junior Olympic Program Committee (JOPC) mandated that a one-dollar donation, for each participant at any men's sanctioned event where a fee is charged, be collected and sent to The National Gymnastics Foundation, Inc. (NGF) in order to aid in the funding of the NGF Men's Scholarship Fund. The funds that have been raised from August of 1999 to September of 2020 have been, and will continue to be, used exclusively to provide scholarships to current and future collegiate gymnasts.

In October of 2020, the Board of Directors of the NGF voted to update the name and purposes of the NGF Men's Scholarship Fund in order to serve more gymnasts. What has previously been known as the NGF Men's Scholarship Fund will now be referred to as the NGF Men's Fund. Funds collected from October of 2020 and beyond will be used by the NGF Men's Fund to provide financial support to a wider population within men's gymnastics for multiple purposes including, but not limited to, individual academic scholarships, elite athlete training grants, elite development team support, and collegiate program support.

In August of 2021, the Men's Development Program Committee (formerly JOPC) voted in favor of increasing the donation amount for the first time since 1999, from \$1 to \$3. This three-dollar per participant donation mandated by this form is required to be returned with the USA Gymnastics Sanction Report Form to the National Office within 72 hours of the conclusion of the sanctioned competition or event. **Do not send these funds to your State or Regional**

Chairpersons. Failure to cooperate in supporting the NGF Men's Fund will lead to complications securing Sanctions in the future and continuing as a Meet Director Member in good standing.

More information concerning the details of the National Gymnastics Foundation Men's Fund can be found here:
https://usagym.org/pages/men/pages/scholarship_program.html.

The NGF Sanction Report Form for Meet Directors can be found here:
<https://usagym.org/pages/home/pages/forms.html?#mens>

Clinics, educational opportunities, Club Track competitions, and Future Stars program evaluations that are supported by a USA Gymnastics State or Region and where any proceeds from the event go to the State or Region shall be exempt from the National Gymnastics Foundation Men's Fund donation.

In addition to all local sanctioned competitions, the National Gymnastics Foundation Men's Fund donation is required to be paid for all State and Regional Championship competitions.

Sanctioned Event Minimum Medical Requirements

- A. 3 levels: High Risk, Moderate Risk, Low Risk. USAG Program VPs/Directors would be required to assign a risk level to each level and/or event within their sport.
- B. High Risk: MAG – Levels 8,9,10, Senior & Elite

 3. Medical staff should complete incident report form
 4. 1 medical staff member is required per 100 athletes competing at any given time and 1 per venue.
 - Example: If all events take place in one arena with up to 100 athletes on the event floor at once, then one medical staff member is required.

How to find qualified medical personnel for your meet:

- Ask parents at your gym if they have proper qualifications or know anyone in the community who does
- Search your local hospital or children's hospital's website for "Sports Medicine" and contact them via phone numbers or "Contact Us" form on the web page
- Call your local hospital or children's hospital and ask for the Marketing and PR department and ask them if they have providers who would be willing to cover your event
- Utilize a web-based service that matches ATCs to events such as Go4Ellis: <https://go4ellis.com/>
- To find a sports certified physical therapist go to:
<https://aptaapps.apta.org/APTAPTDirectory/FindAPTDirectory.aspx>
 - In the search field "Find By Specialist", choose "Sports"
- Call your community's fire department to see if they have EMTs or Paramedics available to work the event
- Call your local orthopedics practice and ask to speak to the practice manager to see if their sports medicine physicians will provide event coverage
- Use your search engine to search for "sports event medical professionals near me"

Concurrent Sanctioned Event Policy

USA Gymnastics is aware that meet directors of a USA Gymnastics sanctioned event may also be conducting sanctioned events of other gymnastics organizations (*i.e.*, AAU) in the same venue, date, and time. If meet directors choose to conduct a multi-gymnastics association event, they must adhere to the following policies. Violations of any of the below policies may result in sanction revocation.

USA Gymnastics sessions CANNOT be run concurrently in the same session with a non-USA Gymnastics sanctioned event. Any non-USA Gymnastics session(s) must be conducted either prior to or following all USA Gymnastics sanctioned sessions on each competitive day.

- Permissible Gym Set Up:
 - Events with one gym set-up:
 - Sessions with USA Gymnastics competitors and non-USA Gymnastics competitors are NOT permitted to compete at the same time in the same competitive space, nor can they alternate sessions throughout the day.
 - Events with Multiple gym set-ups:
 - Dedicated field-of-play (*can be more than 1*) reserved to conduct only USA Gymnastics sessions.
 - Additional dedicated field-of-play (*can be more than 1*) reserved to conduct any non-USA Gymnastics sessions.
 - Each separate field-of-play should be clearly defined by signage, or separated by a specific, noticeable barrier (*i.e.*, airwall, curtain, stanchion, etc.)
 - Example: a Meet Director is hosting an event in large space that can be partitioned into 3 competitive fields-of-play areas; Field A, Field B and Field C.
 - Fields A and B are reserved for USA Gymnastics sessions
 - Field C conducts the non-USA Gymnastics sessions.
 - The Meet Director may use all the Fields A, B or C to conduct non-USA Gymnastics sessions provided that the non-USA Gym. sessions are conducted either prior to or following USA Gymnastics sessions on each competitive day.
- Meet Director must have an event plan that illustrates:
 - A clear definition of the start and end times of each organization's competition sessions for the duration of the event.
 - All event procedures that prohibit non-USA Gymnastics session participants (*athletes, coaches, judges*) from accessing the dedicated USA Gymnastics gyms/competition area during USA Gymnastics sessions.

Meet Director must obtain a separate certificate of insurance from each gymnastics association whose sessions will be conducted in the same venue as the USA Gymnastics sanctioned event.

CHAPTER 3

MEN'S DEVELOPMENT PROGRAM

New additions are highlighted

All rules pertaining to the Men's Development Program, including levels, age requirements, equipment specifications, routine requirements and championship format, can be found in the 2021-2024 Junior Competition Manual, which is available for purchase here:
https://usagym.org/pages/men/pages/rules_dev.html.

Additional Rules to the Junior Competition Manual are listed below:

I. Participation by post-High School and NCAA/Collegiate Competing Athletes

The Men's Development Program is intended for athletes of high school age and below. In special cases, athletes who have graduated from high school may qualify to participate in the Men's Development Program.

- A. A "Collegiate Competing Athlete" is defined as an athlete who is/has represented a college or university program in varsity or collegiate club competition.
- B. No Collegiate Competing Athlete will be allowed to participate in the Men's Development Program. This includes:
 - 1. Any athlete who represents a NCAA institution in a varsity gymnastics event.
 - 2. Any athlete who represents a collegiate team (GymACT or NAIGC) and/or participates in the USA Gymnastics Collegiate Championships or any qualification event for the USA Gymnastics Collegiate Championships.
- C. **One-year post-High School athletes who are not defined as a Collegiate Competing Athlete and meet the age requirements, may participate in the Men's Development Program with the approval of the Men's Program Vice President.**
- D. Discrepancies to these rules may be directed to the Men's Program Vice President

II. Residency Clause

- A. The location of the club or team determines the state and regional meet in which the gymnast competes. Therefore, if a gymnast lives in one state but competes for a club or team located in another state, the following regulations apply:
 - 1. A gymnast must compete in the State Meet based upon the state in which their club is located. The gymnast may, based on special circumstances, petition the Vice President of the Men's Program for permission to compete in the state meet for the state in which they reside.
 - 2. The gymnast must compete in the Regional Meet based upon the State Meet in which they competed. The gymnast may, based on special circumstances, petition the Vice President of the Men's Program for permission to compete in the regional meet for the region in which they reside.
 - 3. American citizens training at foreign clubs:
American citizens residing in border areas and training at Canadian or Mexican clubs must compete in the State and Regional Meets appropriate for their residence. American citizens residing abroad and wishing to participate in the State, Regional and National Championships must contact the Vice President of the Men's Program for determination of the appropriate state and regional meets. To compete in the championship meets, such gymnasts must have a standard USA Gymnastics Athlete Membership. American citizens training at foreign clubs are not eligible for the discounted insurance-only membership provided for foreigners competing in U.S. meets.

B. Foreign Athletes

USA Gymnastics recognizes the positive benefits of having foreign athletes who reside in the United States participate in its sanctioned competitive events. However, USA Gymnastics has an obligation to observe all rules and regulations regarding the participation of foreign athletes as set forth by the International Gymnastics Federation (FIG).

1. FIG regulations require that all Foreign Athletes (anyone without United States Citizenship) - regardless of age or competition level - must gain permission from the gymnastics federation of their country of citizenship and from USA Gymnastics before they may compete in any sanctioned USA Gymnastics event.
2. In order to fulfill the FIG requirements foreign athletes must:
Acquire written approval from the gymnastics federation from their respective native country (for which that athlete holds a passport) before they may compete in competitions held in the United States. If a gymnast who is not a U.S. citizen competes without the written permission from their national federation, is a violation of the International Gymnastics Federation's (FIG) regulations. Getting approval from that federation is the responsibility of the athlete, and this rule applies to all levels of competition in all five programs (men's and women's artistic gymnastics, rhythmic gymnastics, trampoline and tumbling, and acrobatic gymnastics).

To make it easier, a draft letter that gymnasts may send to the appropriate national gymnastics' federation, as well as a link to the FIG's directory of national gymnastics federations, is available on the Men's Page of the USA Gymnastics website (usa-gymnastics.org). A copy of the letter of approval from the appropriate national gymnastics' federation must be provided to the gymnast's club.

3. Non-citizen USA Gymnastics athlete members who are residents, living and training in this country are allowed to compete/participate in USA Gymnastics sanctioned events with full privilege and receive awards up to and including the National Championships.
4. Only athletes who are eligible to become members of the National Team may participate in the following events:
 - National Qualifier
 - Winter Cup

- A. State Championships
The State Chairperson sets all qualification rules for the State Championships with the advice and assistance of such people as they deem necessary along with practical, operational and logistical needs within that state. The primary goal is promoting the junior programs within the individual state. However, if these qualification rules conflict with recommended USA Gymnastics policy, the National Office must approve the differences in writing.

- B. Regional Championships

The Regional Chairperson sets qualification scores for all age divisions with the advice and assistance of such people, as they deem necessary along with practical, operational and logistical needs within that region. The primary goal is promoting the junior programs within the individual region. However, if this conflicts with recommended USA Gymnastics policy, the National Office must approve the differences in writing.
 2. Recommended guidelines for qualifying scores may be set by the MDPC or the respective regions. Guidelines for participation in the Regional Championships are determined by the Regional Chairperson/Regional Board or Committee for each region based upon numbers, time allotment, and facility and budget concerns specific to the region.
- C. Eastern/Western & Development National Championships

The national office guideline is that an athlete's submitted all-around scores be **at least two points higher than the set qualifying score and that at least two different meet results be submitted**. Submitted scores should be actual copies of meet results. This will assure that the athlete would have been able to achieve the set qualifying score in the State or Regional Championships (includes Future Stars National Championships) where judging is typically more stringent.
- C. Petitions to any National Championships should follow current petition requirements listed above and in addition, athletes must submit results from a minimum of two USA Gymnastics sanctioned meets during the current competitive season, showing that their scores would place them in the top 50% of athletes who qualified by score from their region using the published national allotment.
- D. Petitions may **only be submitted by the athlete's coach** and submitted petitions must meet protocol procedures and be fully documented for consideration. Petitions may only be submitted for athletes who are ill, injured, or under special circumstances, are unable to participate in the qualifying competition.
1. Coaches are responsible for submitting ALL required documentation for a petition.
 2. Petitions must be received by either the State Chairperson (for Sectional or State meets) or the Regional Director (for Regional and National meets) before the competition begins. Petitions should provide all documentation including
 - actual copies of score sheets for score verification, and
 - doctors' statement (if applicable)
 3. Petitions should also include entry forms for the event being petitioned as well as entry fees. Petitions that do not meet either the time or documentation requirements will not be accepted.
 4. Petitions for athletes injured during a competition must be turned in to the State Chairperson (Sectional or State meet) or to the Regional Chairperson (at the Regional Championships) by the conclusion of the event where the injury occurs (unless an emergency situation dictates otherwise). Documentation must be received by the State Chairperson (State Championships) or the Regional Chairperson (Regional/Development Program National Championships/East or West Championships) within 48 hours of the conclusion of the event and must include the following:
 - Scores
 - Doctor's statement
 - Entry form for the event being petitioned to

Non-injury petitions must include a complete letter of explanation along with copies of meet results for score verification. In the case of an emergency, petitions must be submitted within 48 hours of the conclusion of the event. Non-injury petitions are subject to approval by the Vice President of the Men's Program for national level meets.
- D. State or Regional Chairpersons are required to include completed petition forms with the entries to either the Regional or National Championship Meet Director. In addition, Regional Directors must submit a copy of both Regional Championship results and completed petition forms, along with the Regional Chairperson's personal observations and recommendations, by email or overnight mail to the Vice President of the Men's Program at USA Gymnastics. All injury petitions to the National Office should go through the Regional Director.
 - E. State Directors will inform the Sectional or State Meet Director and the Regional Chairperson will inform the State Chairperson and Regional Meet Director as to the status of all petitions. Petitions that are not granted will have their entry fees returned.
 - F. The National Office will inform the Regional Chairperson and Meet Director of any National Championships event as to the status of all petitions for that event. All National Championship petitions will be granted at the discretion of the MDPC. Petitions that are not granted will have their entry fees returned. The MDPC reserves the right to review state and regional petitions for action.
 - G. Injury petitions require a full medical clearance from the attending physician stating the athlete is able to compete without restriction. Injury petitions may be tentatively approved pending a physician's clearance. Failure to provide medical clearance will result in the petition being denied. Medical clearances should be sent to the Men's Program Manager at USA Gymnastics.

XIV. Eligibility Rules

USA Gymnastics follows eligibility guidelines set by the International Gymnastics Federation (FIG) and the United States Olympic Paralympic Committee (USOPC). Questions regarding athlete eligibility should be directed to USA Gymnastics. Participating in a USA Gymnastics sanctioned event could affect athlete eligibility with regard to high school or collegiate participation. High school or college athletes should check with their state High School Athletic Association or the NCAA before participating in a USA Gymnastics event.

A. High School Athletes:

1. Before inviting high school athletes to participate in local, state or regional gymnastics open competition, the Meet Director is requested to make a preliminary inquiry to the appropriate State High School Activities Association(s) to determine eligibility standards and rules that are applicable.
2. In the United States, many states' High School Associations have varying rules. It is, therefore, of the utmost importance that official approval is obtained from the appropriate Association prior to allowing high school students to participate.
3. Should questions arise, inquiries may be directed to the National Federation of State High School Athletic Association or the USA Gymnastics office.

B. College Athletes

1. Before inviting college athletes to open competition, the sponsoring institution, club or organization must request approval from the Extra Events Committee of the NCAA and/or other appropriate college athletic associations.
2. Questions concerning eligibility should be forwarded to the USA Gymnastics office, the applicable NCAA institution or the NCAA.

C. Foreign Athletes

Refer to Chapter 3.II.B for information on foreign athlete eligibility.

XV. HIV Statement

Human immune deficiency virus (HIV) is the virus that causes acquired immune deficiency syndrome (AIDS). This virus causes a gradual weakening of the immune system, eventually resulting in infections, cancer, and death. Gymnastics is in the lowest risk category of Olympic Sports and, to date, no documented cases of HIV transmission between athletes have been reported. However, prudence dictates that the following precautions be taken:

- A. Athletes, who have open lesions, wounds, dermatitis, and so forth, should cover the area with a dressing that will prevent contamination from other sources.
- B. Competitions should be interrupted when an athlete has a wound in which exposed blood is present to allow the bleeding to be stopped and the athlete to be cleaned.
- C. Surfaces contaminated with blood or body fluid should be cleaned after each use, or more often if needed, with a solution known to inactivate the virus (sodium hypochlorite, better known as household bleach, at 1:10 dilution).

For more information, please refer to the USA Gymnastics Safety Handbook.

XVI. Special Recognition Awards

C. Academic All-American Recognition Awards

1. Recognizing and rewarding academic achievement in junior gymnasts is paramount to the success of the USA Gymnastics Men's Development Program. The Development Program is designed to provide a training ground for the development of young athletes. While physical development is obviously important, the program must also stress development of values, morals, and social skills, which will remain with these future citizens all their lives. Encouraging a high level of academic achievement in our young athletes is as important as encouraging their athletic achievement. Motivation for this achievement, while intrinsically driven, can be enhanced by recognition by the USA Gymnastics Men's Program. The USA Gymnastics Men's

Program has therefore established the following Academic All-American Recognition Award program to be presented annually at the **Regional** Championships.

2. Program

II. Program Objectives

The Junior National Team Program ultimately exists for the specific purpose of identifying and preparing athletes to compete for the United States in international competition. While the program can and should impact the development of all competitive gymnasts in the United States, the focus of the National Team Program is development of the elite gymnast. The National Team Program seeks to create a year-round competitive and educational support system for coaches and athletes through the following objectives:

- A. Identifying the competitive path for our junior elite athletes and elevating the importance of successful competition.
- B. Creating an educational and evaluation system that emphasizes international competitiveness.
- C. Involve the personal coaches in overall program planning and organization as well as individualized athlete planning.
- D. The education of the basic principles of coaching and the overall development of the elite athlete.

III. Training Camp Program Goals

- A. Train basics, skills, sequences, half routines and routines
- B. Evaluate skill and routine development
- C. Assist direction of training programs throughout the year
- D. Provide educational clinics for the gymnasts and coaches
- E. Evaluate athlete progress through intra-squad meets
- F. Bring foreign coaches to the training camps to exchange information and knowledge with American gymnasts and coaches

IV. Junior Elite and Junior National Team Composition

The Junior National and Junior Elite National Teams are comprised of approximately 29 athletes, ages 11 to 18, selected at either the Development National Championships or the U.S. Gymnastics Championships. All Team Members must meet the qualifications set by the Men's Program Committee.

USA Gymnastics will pay travel and training camp expenses to and from the designated training camps for all Junior Elite National Team Members. Team members must pay their own travel and room and board for the National Championships, National Qualifier and/or the U.S. Gymnastics Championships.

The selection procedures for the Junior National Team will be developed by the MDPC and MPC annually and will be posted to the USA Gymnastics website: https://usagym.org/pages/men/pages/selection_procedures.html

Selection procedures and team size are subject to change from year to year.

VII. Future Stars Team Selection

- A. Selection - The Junior Development Team will be selected from the 10, 11 and 12 year-old age divisions at the Future Stars National Championships/Evaluation. The gymnasts perform compulsory routines composed of about ten basic skills and are also evaluated on trampoline and on their performance of prescribed flexibility, strength and body positions. A Junior National Coaching Staff member and an NGJA judge will evaluate the routines and the additional requirements and jointly produce scores based on technique and execution. More information on the Future Stars program can be found here:
https://usagym.org/pages/men/pages/rules_dev.html.

USA Gymnastics will provide the athletes and coaches with room and board during the camp. Athletes and coaches attending the Future Stars Camp will be responsible for their transportation to the camp.

VIII. Junior National Team Training Camps

The goal of the Junior National Team Training Camps is to give coaches and athletes practical help with their specific needs as well as provide guidance concerning appropriate planning so that the athlete may develop into an internationally competitive team member. The team structure attempts to provide coaches with realistic long-term goal setting for international competitiveness and the means to monitor that progress. The Junior National Team Camps will feature the following:

- A. Coaches will work primarily with their own athletes. Assigned staff members and team coaches will work with groups of coaches.
- B. The athletes are divided into groups and a Team Leader (one of the personal coaches) is assigned to each group by the Development Program Coordinator.
- C. All staff and coaches will discuss the camp's progress each day. This will include athlete evaluations. They will also carefully cover the next day's plans and activities.

CHAPTER 5

MEET ORGANIZATION

New additions are highlighted

I. Scoring

A. International Definitions

1. All-Around Score (AA)

Optional All-Around is the total score for the six optional routines. Combined All-Around score is derived from adding the total score from two sessions together: All-Around Prelims + All-Around Finals = Combined score.

2. Combined Event Score

The total of the two scores received in an event from two different sessions.

3. Finals

a. Individual Finals

The highest scoring competitors (maximum of 10) of each event are called the individual finalists. They qualify to compete for the "Champion Title" of an event in a FINALS MEET, which is conducted in all six events with optional performances. The gymnast may perform the same or a different optional routine as in the preliminaries. The same gymnast may be qualified to one or more events to compete in the finals, The combined event score average from the preliminaries is added to the score earned in the finals, except in a "New Life" format where only the finals score is used to determine rank.

b. All-Around Finals

Based on the top pre-determined number of All-Around Meet Scores for the "All-Around Champion Title," an additional optional competition is conducted following the preliminaries. The gymnast must perform in six events and may perform the same or different optional routines as in the preliminary competition. Scoring: The final score is the average of the "All-Around Meet Score" and the "Finals All-Around Meet Score," except in a "New Life" format where only the finals score is used to determine rank.

4. Team Score

The method of team scoring must be described clearly in the "Meet Announcement" as well as in the "Meet Information." It is suggested in the USA Gymnastics Junior Competition Manual a minimum of the top three (3) scores in each event count toward the team score in state level meets and below. Take the best three scores in each event. When competition is for team only, the team score is based on counting one less than the designated number of individuals entered per team. Example: Each team may enter six (6) competitors. The team score is based on the top five (5) scores in each of the six (6) events.

5. Order of Events

a. The FIG order of events is recommended for the preliminary competition for all USA Gymnastics meets. If six (6) events are conducted at the same time, the squad should rotate from one event to the next following FIG order:

- 1) Floor Exercise
- 2) Pommel Horse
- 3) Still Rings
- 4) Vault
- 5) Parallel Bars
- 6) Horizontal Bar

b. Final Order: If two (2) events are conducted simultaneously, the following order is recommended.

- 1) Floor Exercise and Pommel Horse
- 2) Still Rings and Vault
- 3) Parallel Bars and Horizontal Bar

B. Age-Group competitions use USA Gymnastics Junior Competition Manual rules for compulsories and FIG Competition I (with USAG modifications) for optional routines.

II. Meet Officials

A. What Meet Officials should expect:

Meet Officials should never be assigned to private homes where they would be obligated to socialize instead of rest or to travel hours each day to get to the meet from their housing - unless this is what they request.

1. Meet officials should be provided with hotel rooms in nearby quality hotels or motels, ideally two (2) persons assigned to one room.
2. If driving, meet officials should receive mileage reimbursements at the current IRS rate. The total mileage reimbursement shall not exceed the cost of a round trip airline ticket to the same locale.
3. Transportation shall be provided to and from the hotel if cars are not available for judges to use. The driver's name, pickup time and place should be included in the judging packets. If a judge is not picked up at the arranged time, he should be reimbursed by the Meet Director for transportation expenses.
4. Provisions should be made for the transportation of any official to and from the airport.
5. Meet officials should receive meals or per diem or a combination of.
6. Runners assigned to each judge should stay with that person for the length of a session to provide the most efficient work.

B. Workload and Recovery Sessions

In general, sessions should not be scheduled which would require a judge to officiate any longer than a maximum of three and one half (3 1/2) hours at any single session. Adequate time should be scheduled between the end of the evening session and the beginning of the next morning session for a rest period.

III. Pre-meet Conditions of which to be Aware

A. Meet Directors

To conduct a GREAT meet is an ART! Even the so-called "expert" directors have to cope with difficulties in the course of work since every meet has its own characteristics and unique problems. A well-run meet is to be expected. However, to expect a PERFECT meet is slightly utopian. The opportunity to conduct a large meet is a "once in a lifetime" experience for many directors. There are not enough opportunities for obtaining substantial experience in a short period of time. This experience comes through many years of organizing meets. Therefore, the Meet Director must plan well, striving for perfection in every detail. Every phase of the meet must be examined to prepare for unexpected challenges.

The most famously conducted meets were results of maximum investment of effort and heart, not happenings of miracles where the problems solved themselves.

The feeling of pride in obtaining the right and privilege to host an important meet should carry over to every detail of the work. Pre-meet preparations, meet conduct and follow-up work must be carefully scrutinized. The assignment should be carried out in its ENTIRETY in order to result in success and to give a true personal satisfaction.

B. Competitors / Coaches

With the exception of the local competitors, most of the gymnasts and coaches must travel a considerable distance to compete in Regional and higher meets. The strenuous training prior to these meets, the fatigue from travel, the competitive tension and the unfamiliarity with the new site brings a special emotional condition upon participants.

A well-organized pre-meet setup, with ample guidance for the arriving visitors and a well-designed practice program, is essential to put the athletes at ease. Meet Directors should provide the following:

1. Information prior to meet and/or at the site of the meet.
2. Good hostess service.
3. Well-equipped practice and competitive areas.
4. Practice area available at scheduled time.
5. Well scheduled practice times and adequate practice time.
6. Random draw.
7. Separate times for practice and coach's meetings.

IV. Considerations for Audience Appeal

The following factors are essential for the success of a meet:

- A. An organized disciplined meet, conducted on schedule, with no interruptions and with quick performance changes and fast judging.
- B. Sessions not too long in duration.
- C. Sessions should include all six (6) events, unless specifically advertised in pre-meet information and tickets.
- D. Adequate information on scores and performing persons:
 - 1. Information shown on scoreboards should be visible from every seat.
 - 2. Scores shall be rotated slowly and constantly.
 - 3. Scores shall be elevated and not covered by Officials on the floor,
 - 4. Scores shall be flashed right away and as close to the event as possible.
 - 5. Scores shall be large enough to read.
 - NOTE: At each event, two (2) sets of information shall be rotated at all times, with stops only to change numbers:
 - a. The performing gymnast's name and/or number.
 - b. The score for the previous gymnast and his competitive number.
- E. The program should be easily read, contain a place to record scores and have adequate information on the events and competitors.
