 - 1.3.5. Selection Committee is not obligated to fill all available spots on the WC team.

1.4 Petition Procedures

Notwithstanding the process identified in the preceding sections of these Selection Procedures, USA Gymnastics recognizes that extraordinary and unforeseen circumstances may occur which would cause a pair/group otherwise deserving of a spot on the 2021 World Championships Team because of their previous competition results to be unable to participate in one or more steps in that process. For a petition onto the World Championships Team to be considered, it must be submitted in writing to the Acrobatics Program Director and meet the following requirements:

- 1.4.1. Petitioning athletes must have:
 - a. Qualified to compete at the 2021 World Team Trials.
 - b. Registered to compete at the 2021 World Team Trials.
 - c. Signed and submitted selection procedures by the deadline.
- 1.4.2. Petitions must be submitted immediately following the pair/group's inability to participate in the selection event and before the conclusion of the selection event.

1.4.3. Petitioning athletes MUST submit a video for review.

1.4.3.1. Petition Video Guidelines

- a. All competition videos must be from the judge's viewpoint, as close to a normal judge's position as possible.
- b. Perspective should be from the front center of the floor.
- c. Recording device set up on table, or on tripod (preferred) slightly above height of table (approximately 3 feet.)
- d. Camera should be a reasonable distance from the floor and athletes, so all partners are visible, yet athletes do not appear too distant in the video.
- e. If possible, all four corners of floor should be visible in the video.

- f. The video must be HD quality; standard HD (720 or 1080).
- g. The video must be stable, without shaking or bumps. Use of a tripod is helpful.
- h. Video should be captured using landscape perspective.
- i. As much as possible, the camera should remain static. Camera should remain at a steady distance to see all athletes and skills and should only be moved from side-to-side if the entire floor is not visible. The camera should not be moved up and down to capture the routine.
- j. All partners must be visible at all times. This includes for high skills and tosses, as well as when the partners are spread around the floor.
- k. Video must include the athletes' salute and walk on at the beginning of the exercise, the complete exercise, and the salute and walk off at the end of the exercise.
- l. Sufficient lighting is required to guarantee all athletes can be seen clearly. The floor should be completely lit and glares on the video should be avoided.
- m. Music must be clear and loud enough on the video. Consider placing a speaker near the camera.

- 1.4.4. Petitions will be considered in the event of an injury, illness, family death, or other extenuating circumstances.
- a. The petition must include the date and nature of the injury and/or illness, family death, or other extenuating circumstance.
 - b. Petitions based upon injury or illness must be accompanied by a physician's statement. The injury or illness is subject to verification by a physician approved by USA Gymnastics. Additional documentation may be requested to validate unforeseen circumstances.

1.4.5. Due to the interdependent nature of partnerships, a petition must be jointly submitted by all members of the pair/group.

1.4.6. Petitions will be considered by the Selection Committee.

1.4.7. Covid petitions:

- a. Covid petitions will be considered in the event that an athlete cannot compete due to inability to pass Covid requirement protocols designated by the event. Athletes submitting the covid petition would need to follow all requirements as outlined above. (Sections 1.4.1 - 1.4.6).
- b. Video submissions must be of videos taken within a three (3) week timeframe leading up to WTT. Video must consist of all competition routines with all skills, full amount of difficulty, and artistry. Competition attire is allowed but not required.

c. Coaches should precautionarily take videos of performances leading up to WTT in the event a petition would be required. It is recommended these videos are taken every week leading up to the event to avoid any problems.

2. AUTOMATIC QUALIFICATION

List the automatic qualification criteria and explain how they will be used (if any):

A pair/group will automatically qualify to the WC Team if *all* the following criteria are met at the 2021 World Team Trials competition.
