Ranking of Athletes (for Pan American Championships)

Athletes will be ranked using routines verified at or following March National Team camp, and international events (representing USA or otherwise approved) for 24 months prior to assignment. More recent events will be weighted more heavily:

- Head-to-head rankings between US athletes at the same competitions.
- Ranking within US athletes at the past 12 months' key domestic and international competition (only recorded for completed routines).
- Demonstrated professional attitude, compliance with responsibility manual, and ability to positively contribute to the team dynamic.
- This ranking will be a guide only, and other relevant information may be taken into account.
