 AMENDED OCTOBER 15, 2022
 AMENDED DECEMBER 12, 2022

Statement of Principles

In 2023, USA Gymnastics will focus efforts and resources into the following international competitions through entering teams and individuals. These competitions have been chosen for reasons including but not limited to timing, competitive fields, ability to safely attend, and international relations.

In order to provide the best chance to selected athletes to achieve their goals, and in order to retain a minimum competitive standard for USA Gymnastics T&T teams, smaller delegations than the maximum may be assigned to a specific event. This will be determined on a case-by-case basis, for reasons including but not limited to allocation of support personnel (medical, coaches, security, HoD etc.), safety considerations, timing of key domestic events, and prioritization of other relevant resources.

General Note for All Events

Where “Senior” and “Senior Elite” are listed in this document, these refer to the FIG division. All Senior and Senior Elite assignments and selections will consider athletes in both USA Gymnastics Senior and Intermediate Elite divisions. Scores from both divisions at relevant events will be combined for the purposes of ranking and international selection.

Ranking of Athletes (for non-Olympic qualification World Cups and World Cup Invitationals)

Senior Elite (all disciplines)

Athletes will be ranked from each event using their qualification scores at key domestic meets (Winter Classic, Elite Challenge, and USA Gym Champs) and international events (representing USA or otherwise approved) for 12 months prior to selection. For domestic events, scores from both Senior and Intermediate Elite divisions will be combined. More recent and more important competitions will be weighted more heavily. Athletes will receive an overall ranking using the following criteria (in no particular order):

- Head-to-head rankings between US athletes at the same competitions.
- Ranking within US athletes at the past 12 months’ key domestic and international competition (only recorded for completed routines).
- Demonstrated professional attitude, compliance with responsibility manual, and ability to positively contribute to the team dynamic.
- This ranking will be a guide only, and other relevant information may be considered.
- Athletes will be assigned based on overall ranking as it relates to the individual criteria listed for each event.

Junior Elite (all divisions)

Athletes will be ranked from each event using their qualification scores at key domestic meets (Winter Classic, Elite Challenge, and USA Gym Champs) and international events (representing USA or otherwise approved) for 12 months prior to selection. More recent and more important competitions will be weighted more heavily. Athletes will receive an overall ranking using the following criteria (in no particular order):

- Head-to-head rankings between US athletes at the same competitions.
- Ranking within US athletes at the past 12 months’ key domestic and international competition (only recorded for completed routines).
- Demonstrated professional attitude, compliance with responsibility manual, and ability to positively contribute to the team dynamic.

- This ranking will be a guide only, and other relevant information may be taken into account.
- Athletes will be assigned based on overall ranking as it relates to the individual criteria listed for each event.

Coaches Assignments
