Tumbling:

- Judge the rebound separately from the roundoff and back handspring – the committee will send recommendations to the TC.

- For any pass that has 8 skills, you must compete 3 skills to get a score – the committee agreed with this suggestion.

The committee reviewed the proposed first draft of routines / passes for each discipline.

2. **Mobility**

The committee discussed the suggestion that JO be able to move up or down one level until they compete at State Championships, and then can no longer do downward mobility.

The committee clarified the motion from the previous meeting that JO mobility be managed internally by gyms and coaches. It was agreed that this would mean that mobility skills and scores would be recommended rather than mandatory, and that this would apply up to Level 10 and for JO only.

Motion to approve an amendment to the previous motion:

To recommend to the Program Committee that JO mobility be managed internally by gyms and coaches, with mobility skills and scores recommended only, and that this apply to all JO levels.

- **Motion: Jared**
- **Second: Crissy**
- **Vote: unanimous**

Jacqui will also check this with USA Gymnastics legal advisors.

3. **Education**

There is a general consensus from the community that more education be provided. Some suggestions are:

- Rating Coaches before they are allowed to coach at competitions – the committee agreed with this suggestion, but acknowledged that this would be a huge undertaking that is unlikely to occur in the near future. Jacqui will pass on this feedback to USA Gym Education.
- Tracking education credits in order to achieve a higher coaches rating – the committee agreed with this suggestion – Jacqui will pass on this feedback to USA Gym Education.
- Nuggets of knowledge videos – the committee endorsed this project that the Elite Committee is managing, and offered additional subjects and videos.

Meeting adjourned at 11:35pm.
