Scholarship Committee Meeting Agenda

1. Funds available

With COVID-19 causing widespread event cancellations for the remainder of 2020 and possibly beyond, the committee discussed the issue of few additional head taxes likely to be collected between now and the assignment of 2021 scholarships. The committee had a general discussion regarding the applications received and where they fit within the points rubric. The committee then discussed the intent of each scholarship outlined in the [Named Scholarships](#) document and potential athletes for each scholarship, making reference to rubric points, individual situations, and covering all T&T disciplines.
