Tom Forster – Women's High-Performance Director  
Tatiana Perskaia – Women's Athlete Selection Committee Representative  
Jessie DeZiel – Women's Athlete Representative  
Annie Heffernon – VP Women's Program (non-voting)

The sport of gymnastics is a subjectively judged event. In the selection of athletes who will compete together as a team, it is difficult to make selection decisions based solely by the rank order to be competitive for both team and individual event medals.

Discretionary Criteria

The Athlete Selection Committee considered the following factors (in no particular order) when selecting National Team Members.

1. Results: Competition results from the 2021 Winter Cup and the results from March 2021 National Team Camp (see Appendix A) were considered when discussing selection.
2. Start values (D Score) on each apparatus of all potential team members
3. Execution (E Score) on each apparatus of all potential team members
4. Consistency (percentage of hit routines) shown by the gymnast
  - A hit routine is defined as a routine that does not include a large deduction or greater (as defined in the FIG Code of Points) on any single skill within the routine.
5. World Class presentation – the strength, endurance, technical execution standard and artistic components commensurate with international competition presentation.
6. Physical capability to fulfill the training plan as directed by the High-Performance Director.
7. Demonstrated professional attitude and ability to positively contribute to the team dynamic.
8. Any physical, training or performance factor, which might inhibit peak performance.

The ASC considered [athletes who submitted petitions](#) and athletes who competed at March National Team Camp (full routines on competition surfaces) for the National Team.
