Motion by Liang Qiao - Elite bonus program

Recommendation to amend the current stick bonus system as follows:

International and HOPES Gymnasts can earn one tenth on each of the four events for stuck landings. If earned the one tenth bonus will be added to the start value. The D panel judges will determine if the bonus is awarded.

Vault – Any vault with a 5.8 or higher start value

Bars and Beam – Dismount of D value or higher

Floor – One pass may be awarded the one tenth. There are two options.

1. Tumbling passes with a D or higher acro skill must stick that D or higher skill with no connected elements afterwards. Example: double pike to stick.

2. ***Tumbling passes with an E or higher acro skill may connect a lower value acro skill after the E or higher as long as the final element sticks. Example: Full in double back to a connected back layout step-out with stick.***

A maximum of .10 is available regardless the number of tumbling passes the gymnast sticks. Example: a double Arabian to split jump would not earn the .1 bonus since the split jump is not an acro element of C value or higher.

If a senior athlete is competing two different 5.8 or higher value vaults she is eligible for a .10 on each vault if she sticks. To clarify, the first vault score is used for the all-around competition.

Second Kim Zmeskal Burdette / Motion passed.
