The purpose of the Task Force was to review all aspects of the certification process for Women's Gymnastics Judges and make recommendations to the Women's Technical Committee for their decisions.

II. General Recommendations

The following are the recommendations that were submitted to the WTC:

Timelines:

Feb 15	TA Handbook Completed
April 30	Mock TA Workshop at the WTC Meeting
May 15	Begin testing the computer system
July 20	Kick-off date – On-line registration and Course Registration

NAWGJ State Judging Directors are submitting the information on the judges in their state so that the USAG database can be established and is accurate.

Concerning Test Administrators:

- Those individuals that the WTC have deemed eligible to be considered for a position as Test Administrator (TA) have received an Application Form from USAG asking if they are interested in becoming or remaining a TA.
- A spreadsheet will be sent to the WTC with the names of all those who made application. The WTC will designate those selected and the office will extend invitations to attend a TA Workshop held at either the NAWGJ Symposium or the USAG National Congress.
- All tests can be given by any TA as long as the TA holds an equivalent or higher rating.
- TA's who do not choose to take the 5/6 Test but agree to administrate that test must commit to that decision for the 8-year compulsory cycle once they have given the 5/6 Test.
- A Level 4 "take home test" will be distributed to individuals taking the Level 5/6 exam.

General Guidelines:

- First local tests can be given August 20, 2005.
- Accreditation year will be **August 1 to July 31**.
- A judge can test each part (practical and written) of the same level a maximum of 4 times within the same accreditation year.
- Practicing Judging is **NO LONGER** required to test up to the next level.
- All current ratings expire Dec. 31, 2005 with the exception of the Brevet Rating which will be extended until the Brevet Course is conducted.
- Assignment policy for the fall of 2005: Judges must hold the rating for the level to which they are being assigned. During the "fall 2005 recertification period," the following guidelines/priorities will be used for assignment:
 - 1st assign judges who have recertified at the appropriate level
 - 2nd assign judges who have tested and passed one part (optional judges)
 - 3rd assign judges who have tested and not yet passed
 - 4th assign judges who have not yet tested
- **Judges may hold an "OPTIONAL only" rating.** A judge does not have to acquire a Level 5/6 rating if she chooses to test at a Level 9.

- After entry level, a judge must hold a rating for 12 months before testing up to the next level.
- Continuing Professional Education (CPE) points are not required to test at entry levels (Level 5/6 and/or Level 7/8). (see chart below)
- A Level 5/6 judge does not need CPE's to test at Level 7/8; however, CPE's are required to be assigned. (see below)

Recommendation to accept Task's Force suggestions as amended.
