USA Gymnastics may update its Safe Sport Policy at any time. Unless otherwise stated, changes are effective immediately upon publication. The Safe Sport Policy can be found at www.usagym.org/safesport.
The 2021 USA Gymnastics Safe Sport Policy defines our organization’s framework to ensure the protection of our Members. Underpinning our vision is an unwavering commitment to our mission: to build a community and culture of health, safety, and excellence, where athletes can thrive in sport and in life.

Every athlete has the right to train and compete safely, regardless of whether they are learning a basic skill or representing the United States on the international stage. That is why we are committed to fostering a culture that actively works to prevent the opportunity for abuse to occur. The USA Gymnastics Safe Sport Policy provides a blueprint to reach that aim. The supporting educational materials and initiatives provide the tools for its execution. All of us — athletes, parents, coaches, judges, administrators, meet directors, club owners and the club family — must know the policy and understand its educational components. The safety and well-being of our athletes is dependent upon all of us.

The Policy outlines a three-pronged process to ensure the protection of our athletes and members. Specifically, it stipulates mandatory reporting by all Adult Participants, defines the categories of misconduct, and sets boundaries for interaction between Adult Participants and Minor Athletes through the Prevention Policies.

USA Gymnastics Safe Sport Policy is effective November 1, 2021. USA Gymnastics may update its Safe Sport Policy at any time. Unless otherwise stated, changes are effective immediately upon publication.

GLOSSARY OF TERMS

The definitions below are intended to provide clarity. Many of the terms are defined under federal law or within the U.S. Center for SafeSport’s policies. In other cases, USA Gymnastics uses specific defined terms that it believes are necessary to its members guidance. Member Clubs must use these definitions to build their own athlete safety handbook.

**Adult Participant** is any adult (18 years of age or older) who is:
1. A member of USA Gymnastics or USA Gymnastics member clubs;
2. An employee or board member of USA Gymnastics or USA Gymnastics member clubs;
3. Within the governance or disciplinary jurisdiction of USA Gymnastics or USA Gymnastics member clubs;
4. Authorized, approved, or appointed by USA Gymnastics or USA Gymnastics Member Clubs to have regular contact with or authority over Minor Athletes.

**Adult Participant Personal Care Assistant (PCA)** is defined as an Adult Participant who assists an athlete requiring help with activities of daily living (ADL) and preparation for athletic participation. This support can be provided by a Guide for Blind or visually impaired athletes or can include assistance with transfer, dressing, showering, medication administration, and toileting. Personal Care Assistants are different for every athlete and should be individualized to fit their specific needs. When assisting a Minor Athlete, Adult Participant PCAs must be authorized by the athlete’s parent/legal guardian annually.

For a PCA to be considered an Adult Participant, the PCA must have Regular Contact with additional Minor Athlete(s) besides the Minor Athlete for whom they provide care, or the PCA must be hired by an Organization.

**Authority Over** is defined as one person’s position over another person is such that, based on the totality of the circumstances, they have the power or right to direct, control, give orders to, or make decisions for that person.

**Center** or **the Center** means the U.S. Center for SafeSport. Under the Protecting Young Victims from Sexual Abuse and Safe Sport Authorization Act of 2017, the Center develops resources and policies to safeguard athletes from bullying, harassment, hazing, physical abuse, emotional abuse, sexual abuse, and sexual misconduct. The law entrusts the Center as the exclusive authority to respond to reports of allegations of sexual abuse and sexual misconduct within the United States Olympic & Paralympic Committee and their recognized National Governing Bodies (NGBs). Federal law requires the Center to conduct regular and random audits of USA Gymnastics to ensure compliance with these policies.

**Child** is defined by the SafeSport Code as “an individual who is, or is perceived by the Respondent to be, under the age of 18.”

**Child Abuse** has the meaning established under relevant state or federal law. The federal definition of Child Abuse must be considered at all times and is defined by the Victims of Child Abuse Act of 1990. Abuse may also be defined by the law of the state in which the behavior occurs.

**Claimant** is the person who is alleged to have experienced conduct that constitutes a SafeSport Code or USA Gymnastics policy violation. The claimant will include any parent or guardian of a Minor.

**Close-in-age Exception** is defined as an exception applicable to certain policies when an Adult Participant does not have authority over a Minor Athlete and is not more than four years older than the Minor Athlete (e.g., a 19-year-old and a 16-year-old). Note: this exception only applies within the prevention policies and not regarding conduct defined in the SafeSport Code.

**Coach** is a person who is authorized to instruct or train athletes, based on supervisory, evaluative or other authority over that athlete. The SafeSport Code states that once a Coach-Athlete relationship is established, a Power Imbalance is presumed to exist throughout the relationship, regardless of age.

**Code or SafeSport Code** refers to the SafeSport Code for the U.S. Olympic and Paralympic Movement.

Examples of In-Program Contact include, but are not limited to: competition, practices, camps/clinics, training/instructional sessions, pre/post game meals or outings, team travel, review of game film, team- or sport-related relationship building activities, celebrations, award ceremonies, banquets, team- or sport-related fundraising or community service, sport education, or competition site visits.

The MAAPP policies address training requirements and limiting one-on-one interactions between adults and minor athletes.

Any adult under USA Gymnastics’ Jurisdiction must report Child Abuse immediately. This requirement begins when an adult learns of facts that give reason to suspect any child has suffered an incident of Child Abuse or that adult is informed of an allegation of Child Abuse. Reports must be made immediately both to relevant government agencies and the Center.

If an individual is unsure about reporting, they should seek guidance from the local police department, department of child services or child advocacy center. These authorities will understand the law in their jurisdiction. As best practice, the member should document the date, time, name of the local police department contacted, name of the officer and the officer's badge number as confirmation of their efforts.

Child Abuse, and the failure to report Child Abuse, are both Prohibited Conduct under the SafeSport Code.

Any “Adult Participant” in the glossary must follow this policy. Any adult identified as a “participant” by the SafeSport Code for the U.S. Olympic and Paralympic Movement, or “covered individual” under federal act, will also have a duty to report Child Abuse.

The term “child” is not limited to athletes and includes any child.

The term “Child Abuse” is defined in the glossary. Please also see the glossary under “Federal Child Abuse Definitions” and www.childwelfare.gov/topics/responding/reporting for more details on these standards.

It is each person’s obligation to understand and comply with state and federal law.

**Reporting Prohibited Conduct Other than Child Abuse**

**Duty to Report Prohibited Conduct**

Adult Participants are required to report sexual misconduct to the local authorities and the U.S. Center for SafeSport immediately upon learning of the misconduct. Reports of sexual abuse or sexual misconduct must be made immediately. No one should investigate or attempt to evaluate the credibility or validity of such reports.

**Adult Participants must:**
1. Report Possible sexual misconduct to the Center when they become aware of it.
2. Report Possible non-sexual misconduct (i.e., emotional and physical misconduct, bullying, hazing, harassment or violations of USA Gymnastics Safe Sport Policy, etc.) to USA Gymnastics or the Center when they become aware of it.
3. Report any criminal charges or “dispositions” involving sexual misconduct involving children to the Center, including anything but a “not guilty” finding.
4. Supplement their report when they learn new information.
5. If an Adult Participant does not Report when they should, they violate the SafeSport Code and the USA Gymnastics Policy.
6. USA Gymnastics will notify the USOPC’s Office of Athlete Safety as soon as possible and in any case within 24 hours of learning of an allegation of Prohibited Conduct, as defined in the Code, that occurred at an Olympic & Paralympic Training Center (“OPTC”) or at any third party-sponsored event in which the USOPC sends a delegation (a “Delegation Event”).

   • Confinement or isolation;
   • Painful stances or positions;
   • Actions interfering with hydration, nutrition, food or sleep; or
   • Illegal provision of drugs or alcohol.
3. Other similar acts prohibited by law.

Conditioning that is against professionally acceptable standards for the age and/or physical development of the athlete is a violation of the USA Gymnastics Safe Sport Policy and considered physical misconduct under the Code. Examples of conditioning against professionally acceptable standards include, but are not limited to:

• using conditioning as retaliation;
• conditioning against medical advice; or
• conditioning that induces fear and undue stress.

Please see “Understanding Physical Misconduct” one page document for further explanation of conditioning against professionally accepted standards.

Bullying Behavior
Repeated and/or severe behavior(s) of any kind that are aggressive, directed at a Minor, and intended or likely to hurt, control, or diminish the Minor emotionally, physically or sexually.

Hazing
Any conduct that subjects another person, whether physically, mentally, emotionally or psychologically, to anything that may endanger, abuse, humiliate, degrade or intimidate the person as a condition of joining or being socially accepted by a group, team, or organization.

Harassment
Repeated and/or severe conduct that:
1. causes fear, humiliation or annoyance;
2. offends or degrades;
3. creates a hostile environment (as defined in the SafeSport Code);
4. reflects discriminatory bias in an attempt to establish dominance, superiority or power over an individual or group based on age, race, ethnicity, culture, religion, national origin, or mental or physical disability; or
5. any act or conduct described as harassment under federal or state law. Whether conduct is harassing depends on the totality of the circumstances, including the nature, frequency, intensity, location, context, and duration of the behavior.
MISCONDUCT RELATED TO THE SAFE SPORT PROCESS

Aiding and Abetting
Aiding and Abetting is a violation of the USA Gymnastics Safe Sport Policy and includes:

1. Knowingly facilitating, promoting or encouraging the commission of Prohibited Conduct by a Participant;
2. Knowingly facilitating, promoting or encouraging a violation of any restrictive measure placed on membership or participation by either USA Gymnastics or the Center, including without limitation, suspension, ineligibility, interim measures, restrictions imposed per USA Gymnastics Bylaws or similar measures.

Intentionally Filing a False Report
Any person making a knowingly false report in a matter over which the Center or USA Gymnastics has Jurisdiction, shall be subject to disciplinary action by the responsible entity.

A report is false if it is proven that the events reported did not occur and the person made the report knowing the reported events did not occur.

A “false report” does not include a report where supporting evidence is insufficient to determine if the reported events are true or false. Absent demonstrable misconduct, an unsubstantiated report alone is not grounds for a SafeSport Code violation.

Any good faith report of Child Abuse is not considered a False Report.

Failure to Report
Sexual Misconduct or Child Abuse must be reported to the Center and law enforcement consistent with the Code, these policies and relevant law.

Prohibited Conduct must be reported to either USA Gymnastics or the Center.

Failure to report these matters is misconduct under the SafeSport Code.

It is misconduct under this Policy to retaliate against another person.

1. “Retaliation” means any adverse or discriminatory action, or the threat of an adverse or discriminatory action, including removal from a training facility, reduced coaching or training, reduced meals or housing, and removal from competition, carried out against a Participant as a result of any communication, including the filing of a report, by the Participant or a parent or legal guardian of the Participant relating to the report of physical abuse, sexual harassment, or emotional abuse, with:
   - The US Center for SafeSport or USA Gymnastics Safe Sport;
   - A coach, trainer, manager, administrator, or official associated with the corporation;
   - The Attorney General;
   - A Federal or State law enforcement authority;

USA Gymnastics Safe Sport Policy
**PREVENTION POLICIES**

**One-on-One Contact**

One-on-one contact is defined as interaction between one Adult Participant and one Minor Athlete. One-on-one interactions between Adult Participants and Minor Athletes is not permitted under any circumstance and applies to all situations, both In-program and Out-of-program contact, except as stated in this policy.

**Exceptions**

USA Gymnastics recognizes the following exceptions to the prohibitions against one-on-one contact:

1. Emergency circumstances such as fires, medical emergencies, or minors left without parental supervision after practice or at a competition. In all emergency circumstances every effort must be made for the one-on-one policy to be maintained.
2. When a Dual Relationship exists, and parent/guardian has provided written consent annually; or
3. When the Close-in-Age Exception applies; or
4. If a Minor Athlete needs a Personal Care Assistant, and:
   - the Minor Athlete's parent/guardian has provided written consent annually to the Member Club for the Adult Participant Personal Care Assistant to work with the Minor Athlete; and
   - the Adult Participant Personal Care Assistant has complied with the Education & Training Policy; and
   - the Adult Participant Personal Care Assistant has complied with USA Gymnastics background check policy.
5. In other circumstances specifically addressed in this policy that allow for certain one-on-one interactions if USA Gymnastics receives parent/guardian consent.

**Observable and Interruptible**

Contact is not one-on-one if it is observable and conducted at a distance allowing for interruption by another adult. One Adult Participant and one Minor Athlete alone in a USA Gymnastics Member Club or facility violates this policy.

**Individual Training Sessions**

One-on-One individual training sessions between an Adult Participant and Minor Athlete are not allowed. All individual training sessions with Minor Athletes must adhere to the following:

- Observable and interruptible at all times
- A minor's legal guardian must be allowed to attend the individual training session
- All individual training sessions require advance,

written consent from the Minor Athlete’s parent/guardian at least annually, which can be withdrawn at any time. This includes all one-on-one sessions as stated above

- Closed Circuit Broadcast and web-based viewing is not considered observable and interruptible under this policy. Another adult must be in the building and able to see and overhear all session activities.

* Consent forms may be found on the USA Gymnastics Safe Sport area of the website.

USA Gymnastics recognizes the following exceptions to the prohibitions against One-on-One Individual Training Sessions:

- When a Familial Dual Relationship exists, and parent/guardian has provided written consent annually or
- When the Close-in-Age Exception applies.

**Meetings with Mental Health Professionals and Health Care Providers:**

If a licensed mental health care professional or licensed health care provider meets one-on-one with a Minor Athlete, the meeting must be observable and interruptible without exception. Additionally:

- Another adult must be present at the facility and notified that a meeting is occurring, although the Minor Athlete's identity need not be disclosed; and
- The Member Club, Meet Director, or other person of authority is notified that the provider will be meeting with a Minor Athlete; and
- Parent or guardian of the Minor Athlete has provided written consent; and
- The provider obtains consent consistent with applicable laws and ethical standards, which can be withdrawn at any time.

- Closed door meetings with Minor Athletes are not allowed at any event or facility under the jurisdiction of USA Gymnastics.

**Practices to Mitigate Risk**

| Train all staff annually on club policy | Maintain a professional distance with all families |
| Communication the one-on-one policy to athletes and parents | Set and maintain consistent times during professional hours for meetings with the parents and athletes |
PREVENTION POLICIES

Parental Access to Practice at Member Clubs

Member Clubs must permit parents and guardians access to practice and training sessions.

- Access may include sitting areas, in person viewing options, closed-circuit broadcast (including audio) or similar methods of viewing.
- Each training session must be accessible to at least a portion of the Member Club’s parents/guardians and applied to both recreation and team programs. (subject to space and safety limitations)
- Participants and parents will respect the coach-athlete relationship and are not to interrupt training sessions, absent a concern that misconduct is occurring.
- Member Clubs may set parameters for appropriate viewing behavior.
- Member Clubs may not prohibit a specific parent or guardian from physical access without fair notice and process. The Member Club must provide a reasonable alternative for that parent or guardian to view their athlete's training sessions, which can include allowing another designee approved by the parent to view practice.
- If a parent or guardian is prohibited from viewing their child due to inappropriate behaviors, a time limit must be set for return to viewing.

Closed-Circuit Broadcast and Live Streaming to Facilitate Parental Viewing:

Member Clubs may offer webcast viewing and live streaming services to parents as an alternative to in-person viewing, provided that:

- A written policy exists that includes:
  - Restrictions on sharing of videos and passwords to view such videos;
  - Storing and destruction of videos; and
  - Formal notice posted in public spaces of use of live streaming.
- A majority of the training space is visible on the live stream;
- Parents have the ability to live stream through the duration of their child’s class and/or as long as the child remains in the Club’s care;
- Streaming is password encrypted and presented to parents via a secure viewing platform with a password-protected viewing portal or app; and

- The club has ability and process in place to remove parent viewing access following disenrollment from a class or club in entirety.

Practices to Mitigate Risk

| Work closely with parents on a watch system that works best for the club and the parent. | Post guidelines related to viewing behavior, capacity, and how to report a problem if witnessed. |
| Review behaviors with parents that are and are not acceptable while in the viewing area at least annually. | When space is limited, Member Clubs and parents are encouraged to offer available space to parents with small children or children with behavior or health needs. |

Transportation

Absent emergency circumstances, Adult Participants shall not transport a Minor Athlete one-on-one during In-program or Out-of-program travel in a vehicle alone. A second Minor Athlete or second Adult Participant must always be present. This includes daily transportation to and from events occurring at the regular Member Club, or away from the regular Member Club, unless the following exceptions exist:

1. When a Dual Relationship exists (please see Key Requirements for USA Gymnastics One-on-One Travel Policy Exception); or
2. When the Close-in-Age Exception applies; or
3. If a Minor Athlete needs a Personal Care Assistant, and:
   - the Minor Athlete's parent/guardian has provided written consent annually to the Member Club for the Adult Participant Personal Care Assistant to work with the Minor Athlete; and
   - the Adult Participant Personal Care Assistant has complied with the Education & Training Policy; and
   - the Adult Participant Personal Care Assistant has complied with USA Gymnastics background check policy.
4. In other circumstances specifically addressed in this policy that allow for certain one-on-one interactions if USA Gymnastics receives parent/guardian consent.
Transportation Sanctioned by USA Gymnastics and USA Gymnastics Member Clubs

For all In-Program travel authorized or funded by USA Gymnastics and USA Gymnastics Member Clubs, all Adult Participants will agree to and sign the Organization’s travel policy annually. Parents of Minor Athletes must give written consent on an annual basis for travel sponsored by USA Gymnastics or a Member Club. Parents of Minor Athletes can withdraw this consent at any time.

* Consent forms may be found on the USA Gymnastics Safe Sport area of the website.

Parental Consent for Travel Between One Adult Participant and One Minor Athlete

A Member Club may be offered an exception from the USA Gymnastics Safe Sport One-on-One Policy and provide “legal guardian consent” for the limited purpose of airline travel or local travel (such as by car.) The Member Club exercising this option will be responsible to indemnify USA Gymnastics from all liability, and must execute the terms of the Assumption of Liability, Release, and Indemnity Agreement before facilitating any one-on-one contact between Adult Participants and Minor Athletes.

It is the responsibility for all parties requesting one-on-one travel to read the full Assumption of Liability, Release, and Indemnity Agreement that can be found here. This includes Member Club management, Adult Participant, a person claiming dual relationship, and Parents/Guardians.

Supplemental Attachment: Travel Plan can be found here.

USAG expects full compliance with the one-on-one travel protection policies and discourages the use of exceptions unless absolutely necessary. USA Gymnastics will not grant or deny permission to travel in violation of the one-on-one policy. The receipt by USA Gymnastics of parental consent forms, trip itineraries or indemnification documents does NOT imply or indicate permission by USA Gymnastics for the travel to occur.

Failure to fully execute the terms of the Assumption of Liability and Indemnity Agreement, will jeopardize the Member Club’s member status, as well as that of the persons’ responsible for any intentional, reckless or material failure of those terms. Misconduct, ethical, or similar concerns are not exempt from the Safe Sport process under any condition.

PREVENTION POLICIES

Photography/Videography
USA Gymnastics Photography and Videography Policy is considered an opt-out policy.

1. Parents must be made aware such photographs or videos are being taken and where they will be displayed.
2. Photographs or videos of athletes must be taken in public view, observe generally accepted standards of decency, and must appropriately serve the best interest of the athlete.
3. An athlete (or a legal guardian of a Minor Athlete) may request that their photograph be removed from display, posting or publication without repercussions.

5. Meet Directors must enforce these policies in the context of a meet. USA Gymnastics reserves the right to take additional action.
6. Member Clubs and Meet Directors may set guidelines for the taking of photographs and video by parents and visitors while in their facility.

Practices to Mitigate Risk

| Require a signed waiver from parents of Minor Athletes before any photographs or videos are taken and shown publicly. | Remove old videos and photographs from websites, social media accounts, and brochures at least annually. |
| Meet Directors should publish audience photography guidelines in advance of any meet to avoid confusion. | Publicly display photography and videography guidelines at Member Clubs |

Locker Rooms/Changing Areas
Adult Participants are not permitted at any time to be alone with a Minor Athlete in a locker room or changing area, except under emergency circumstances. The One-on-One Policy applies at all times, and in all locker rooms, changing areas, and restrooms within facilities partially or fully under the jurisdiction of USA Gymnastics. All interactions must be observable and interruptible except:

1. When a Dual Relationship exists, and parent/guardian has provided written consent annually; or
2. When the Close-in-Age Exception applies; or
3. If a Minor Athlete needs a Personal Care Assistant, and:
   - the Minor Athlete's parent/guardian has provided written consent annually to the Member Club for the Adult Participant Personal Care Assistant to work with the Minor Athlete; and

• Adult Participants must not shower with Minor Athletes under any circumstance unless a Close-in-Age exemption exists.
• Parents/guardians may request in writing that their Minor Athlete(s) not change or shower with Adult Participant(s) where a Close-in-Age exemption exists. USA Gymnastics, the Member Clubs, and the Adult Participant(s) must abide by this request.
• Recording of any kind is prohibited in locker rooms, restrooms, changing areas or similar spaces by Adult Participants, Minor Athletes, and Parents. This includes voice recording, still cameras, and video recording.
• Credentialed media will not be allowed to interview or photograph athletes in a locker room, bathroom, or changing area.
• Adult Participant Personal Care Assistants are permitted to be with and assist Minor Athlete(s) in locker rooms, changing areas, and similar spaces where other Minor Athletes are present, if they meet the requirements above.
PREVENTION POLICIES

Availability and Monitoring of Locker Rooms, Changing Areas, and Similar Spaces
Private or semi-private places must be made available for Minor Athletes to change clothes or undress at competitions or facilities partially or fully under the jurisdiction of USA Gymnastics or Member Clubs.

- A semi-private area is an area that is not separate from where other individuals are changing but offers the Minor Athlete some privacy to change. For example, a bathroom stall with a door would meet this requirement. A semi-private area can also be created by a partition or drapery.
- A private area is an area separated completely from anyone else changing. This area would be fully enclosed with a door, and no other individual would be able to enter without the Minor Athlete's permission. This could be a single restroom or family restroom, where the Minor Athlete can change alone and lock the door.

Designated Locker rooms or changing areas must be monitored with random sweeps at any facility in a USA Gymnastics sanctioned event or Member Club to ensure compliance with policy. Monitoring should occur at all facilities partially or fully under the jurisdiction of USA Gymnastics to include Member Clubs, meets, camps, and other In-Program events.

Meet Directors must communicate the availability of restrooms and changing areas for Minor Athletes and may encourage athletes and meet personnel to come dressed for the competition. Please see “Safe Sport Protocol for Sanctioned and Premiere Events,” for further information.

Gifting

Personal or Individual gifts are not permitted to be given to athletes by Adult Participants. Member Clubs may set their own guidelines for a reward system that equally applies to all athletes. Gifts must serve a legitimate motivational, inspirational or educational purpose. The reward system must be:

1. set by the Member Club administration;
2. clearly defined for the coaches and parents;
3. accessible to all individual members in a group or team;
4. given without conditions or restrictions regarding the relationship between the athlete and Member Club; and
5. given in the presence of at least one other adult and within guidelines set by the Member Club.

Practices to Mitigate Risk

Consider setting a monetary limit for gifts from parents to coaches.

The Gifting Policy should be made publicly available for all club personnel, parents, and participants and reviewed specifically around holidays and end of season events.

Member Clubs are encouraged to create a disclosure policy where coaches disclose in writing any gift that a reasonable person would think might unduly show favor to the giver or the giver’s child, or be influenced by the giver.

Booster clubs or parent groups should be encouraged to give input on motivational, holiday or end of season gifts.
Medical Modalities, Athletic Training, Massages, and Medical Orders

All In-Program medical modalities, massages, or rubdowns of a Minor Athlete must adhere to the following general conditions. There are no exceptions to this policy. The below requirements apply to all medical modalities, athletic training and massages. Additional requirements for Massages and Medical Orders are listed separately as a part of this policy:

- Observable and interruptible, with another Adult Participant physically present and in full sight of the treatment at all times;
- Performed with the Minor Athlete fully or partially clothed, ensuring that the breasts, buttocks, groin, or genitals are always covered; and
- Allow parents/guardians in the room as an observer, except for competition or training venues that limit credentialing.
- Only licensed professionals who are hired to specifically perform such duties are permitted to perform any medical modality or massage beyond immediate pain mitigation on the competition or training floor.
- In the event of an emergency where medical care is necessary to stabilize a condition, the parent or guardian of a Minor Athlete must be notified and if not onsite, should be notified as soon as reasonably possible to approve any further non-emergency medical treatments.

Consent
The following consent procedures must be adhered to before any medical modality is offered:

- Providers of medical or athletic training modalities, massages, and rubdowns or USA Gymnastics/Member Club, when applicable, must obtain written consent at least annually from Minor Athletes’ parents/guardians before providing any medical or athletic training modalities, massages, or rubdowns.
- A detailed treatment plan including specific areas and method of each treatment must be presented verbally to the athlete before each treatment is offered.
- Athletes and/or parent/guardian may withdraw consent at any time and without explanation.

Massaging
The following conditions are in addition to the above requirements to perform massaging services at any USA Gymnastics sanctioned event or USA Gymnastics Member Club, along with all general conditions and consent procedures listed above:

- Coaches, regardless of whether they are licensed massage therapists, may not massage Minor Athletes.
- Member Clubs must develop and publish a massaging policy consistent with USA Gymnastics Policy before providing massaging services in the Member Club.
- An onsite method of reporting misconduct or any deviation of this policy must be offered.
- Any contact with genitalia, is explicitly forbidden and must be reported to legal authorities and the Center. Contact with buttocks or the chest area should be limited to the area of the chest above the breast (approximately one hands’ breadth underneath the clavicle) in females and to the anterior, lateral or posterior hip area.

Icing and Taping
The following conditions are in addition to the above requirements to perform icing and taping services at any USA Gymnastics sanctioned event or USA Gymnastics Member Club, along with the general conditions and consent procedures listed above:

- Icing or taping of the breasts, buttocks or genitalia of an athlete by an Adult is expressly forbidden and must be reported.
- If ice must be applied to these areas, the athlete must self-apply the ice.

Medical Orders and Follow-up
Adult Participants must adhere to any and all restrictions placed on the athlete for practice and/or competition. To include, but not limited to:

- A time frame for how long the medical provider wants the restrictions placed on the athlete;
- Any training modifications that the medical provider feels will benefit the athlete; and
- Any alternative forms of conditioning that may be acceptable during practice (i.e. lower body conditioning only, in place of full body conditioning).
STANDARDS OF CARE

Stretching and Spotting
The USA Gymnastics Stretching, Spotting, and Conditioning Standards of Care are intended to identify areas of risk, decrease the likelihood of injury, and eliminate inappropriate conditioning practices.

Stretching
Participants should take care to prevent and avoid any compromising positions while stretching or closely interacting with athletes during stretch. While recognized standards of practice include some contact during stretching activities, the following is discouraged:
- Laying or sitting on top of the athlete;
- Facing and being in close proximity to an athlete in a static straddle or similar position

Spotting
Participants should be attentive during spotting to mitigate the risk of injury, ensure accepted standards of practice and professional boundaries are maintained. Participants should take the following measures to mitigate risk:
- Ongoing communication with the athlete;
- Respect personal boundaries of the athlete; and
- Understand physical limitations of both the spotter and the athlete.

10% Rule
USA Gymnastics recommends the use of the “10 percent rule”. The 10 percent rule is often used as a standard rate of progression for youth fitness programs. Each week there is no more than a 10 percent increase in the amount of training time, distance covered, or weight used in an activity. Conditioning to improve strength on a skill should be specific to that skill and should not exceed the 10% rule. For example, if a gymnast typically does 20 push-ups during daily conditioning, then having a gymnast do 22 in the first week to improve arm strength would be appropriate.

In the second week, 24 would be appropriate. 50 push-ups in the first week would be inappropriate and could lead to an overuse injury. If a gymnast is having difficulty with a bar skill, assigning them to “run the stairs” is probably not appropriate as there is likely to be little correlation between cardiovascular gains or leg strength gained during stair runs and strength needed for skills acquisition on the bar. Additionally, each gymnast has different needs in order to be successful and injury free in reaching their highest potential. Any activity that induces vomiting, heat related illnesses, acute physical pain or obvious visible distress must be ended immediately.
ALCOHOL AND DRUG USE

Any Adult Participant authorized to interact with Minor Athletes during In-Program Contact is expressly forbidden from engaging in any of the following while under the influence of drugs or alcohol, regardless of level of impairment or intoxication.

This includes:

• Instructing or spotting athletes;
• Being present on the competition floor;
• Team travel in the presence of athletes and when directly responsible for the supervision of Minor Athletes; or
• Transporting athletes;
  – “Impairment” and “under the influence of” drugs or alcohol may be determined by observable behavior and conditions along with other relevant considerations.
  – Deference will be given to the good faith opinions of Meet Directors and other Adult Participants who intervene when they have identified a safety concern.
  – Member Clubs may establish prescription or over-the-counter-medication policies as allowed by law.

Appendix E
USA GYMNASTICS SAFE SPORT PROTOCOL
FOR SANCTIONED AND PREMIER EVENTS

In accordance with the U.S. Center for SafeSport and the 2021 USA Gymnastics Safe Sport Policy, events sanctioned or organized by USA Gymnastics must adhere to the USA Gymnastics Safe Sport Protocol for Sanctioned and Premier Events which can be found here.

The following policies and procedures can be found here in the USAG Safe Sport Protocol for Sanctioned and Premier Events Document.

1. Meet Reservation System
2. Regular Contact and/or Authority Over List
3. Permanently Ineligible and Suspended Members Check
4. Safe Sport Policy Communication
5. Bathrooms and Changing Areas Protocol
6. Required Signage
7. Photography and Medical Staff Safe Sport Check Requirements
8. Misconduct at a Competition or Event
9. Post Event Documentation

USA Gymnastics may update event policies at any time and unless otherwise stated, changes are effective immediately upon publication. USA Gymnastics reserves the right to audit sanctioned events for purposes of verifying compliance with USA Gymnastics Safe Sport Policy including prevention policies.

For a complete description of the prevention policies, review pages 18-27 of the USA Gymnastics 2021 Safe Sport Policy.
USA Gymnastics will adopt the Minor Athlete Abuse Prevention Policy (MAAPP) and produce a policy consistent with the MAAPP as approved by the U.S. Center for SafeSport. All Member Clubs will be required to adopt and implement these policies in full at all sanctioned events and facilities under USA Gymnastics jurisdiction. All USA Gymnastics sanctioned competitions will adopt these policies in full.

To monitor compliance of SafeSport Core (U-110), U.S. Center for SafeSport Refresher and the Background Check Policy, USA Gymnastics will track whether Adult Participants under its jurisdiction complete the required training and send updated notifications to remind the Member of necessary annual requirements and if expired, place the member in a pending status until all requirements are completed or updated.

USA Gymnastics has an established communication plan to notify individuals of the requirement:

1. Monthly reminders to individuals of either their need to renew or obtain the certification.
2. Dedicated section in each monthly newsletter that remind professionals and clubs of the requirement of the courses.
3. Notification to the parents of 17-year-old members who will reach 18 during the season, with instruction on how to register and enroll their child for the course. Please note, the U.S. Center for SafeSport requires parental consent to anyone under the age of 18.

USA Gymnastics, will on an annual basis offer and subject to parental consent, give training to Minor Athletes and parents on the prevention and reporting of child abuse. USA Gymnastics will track a description of the training and how the training was offered and provided to Minor Athletes.

**Required Prevention Policies and Implementation**

USA Gymnastics will develop Minor Athlete abuse prevention policies that contain the mandatory components of the Center’s model policies. These model policies cover:

1. One-on-one
2. Meetings and training sessions
3. Athletic training modalities, massages, and rubdowns
4. Locker rooms and changing areas
5. Electronic communications
6. Transportation
7. Lodging

USA Gymnastics must implement these policies for all In-Program Contact.

1. At sanctioned events and facilities partially or fully under its jurisdiction, the organization must take steps to ensure the policies are implemented and followed.
2. For In-Program Contact that occurs outside an Organization's sanctioned event or facilities, implementing these policies means:
   - Communicating the policies to individuals under its jurisdiction;
   - Establishing a reporting mechanism for violations of the policies;
   - Investigating and enforcing violations of the policies

USA Gymnastics policies must be approved by the Center as described below. The policies may include the recommended components in Part III and the recommended policies in Part IV of the Center’s Model MAAPP.

USA Gymnastics will have a reporting mechanism to accept reports that an Adult Participant is violating the minor athlete abuse prevention policies. USA Gymnastics will appropriately investigate and resolve any reports received, unless the violation is reported to the Center and it exercises jurisdiction over the report. This requirement is in addition to requirements to report abuse under the SafeSport Code.

**Policy Submission Process**

USA Gymnastics adapted the MAAPP to fit its needs and submitted its policies to the Center at compliance@safesport.org for review and approval in January, 2021. The Center approved, the policies set forth in this document.
