

# Shark! - A Great Game for Camps, Kids Night Outs, and Parties

Explain to the children the following calls and actions.

1. **Shark - Lie on tummy**
2. **Man overboard - Hold onto a partner**
3. **Crab - Lie on back then wiggle arms and legs**
4. **Mop the deck- Act like you are mopping the deck**

Designate a rectangular area and explain where the front, sides, and back of the boat are located. Then call out directions and have them do different motor skills while running around the "boat." Occasionally call one of the above terms. The child who gets in position last is eliminated. Have them do different motor skills to the other sides of the boat.
